0 of 0 people found the following review helpful. Solutions that work! Great help to keep items working. By Customer I ordered this book not knowing how helpful it would really be. I get very frustrated when I have household items that stop working and I just know that the cause is something minor that I just don't know how to fix or even what to look for. This book already helped me on at least 3 items that needed fixing and I have identified a few more 'fixes' in the book that I will try later. I really recommend this book for someone who, like me, gets frustrated when appliances or other items stop working and you just know there is an easy solution to fixing them, if you only knew how. Some of the fixes in the book are more involved than I will ever tackle, but there are lots of simple fixes that make it well worth the price of book. 1 of 1 people found the following review helpful. Three Stars By John H. Alford Jr. really doesn't help me much. did find about 5 new ideas in the whole book for me. 0 of 0 people found the following review helpful. Five Stars By -G. Okshewsky, co-author of Flying With The Enemy Another great Reader's Digest DIY book!

We all rely on devices, appliances and pieces of household equipment that break, misbehave or fail completely, now with Easy Fixes for Everyday Things you can help yourself when disaster strikes, saving time, money and hassle simply by following a few straightforward steps. Maybe your smartphone fell in water or you spilled coffee on your computer keyboard. Perhaps your iron won't produce steam or your refrigerator is making an odd noise. It could be that your watch face has been scratched or th ...
